

On 11<sup>th</sup> July, 2018 World Population Day was celebrated in our school to raise awareness amongst our students about global population issues. Various student activities were conducted standard wise.

## World Population Day

STD VI: Bookmarks on population control Slogans.

STD VII: Poster making on all effects of population explosion.

STD VIII: Collage making in ill effects of population explosion.

STD IX: Cloth bag painting on spreading awareness about population problem.

A street play titled "Jan Sankhya" was performed in the school ground by the student.
